

The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Powell:

i am seriously concerned about the merger of these two telecommunications companies. Prices are likely to rise. Any savings effected by the merger will not likely be passed to the consumer. Instead, they end up as bonuses for executives.

I am also concerned for the hundreds of employees that will be laid off at the El Segundo, CA facility that services DIRECT TV. I know literally dozens of employees of that Company that are praying and hoping against this deal being approved because it means their paychecks will vanish. Entire families are threatened.

Please do not rubber stamp this deal. Ensure that guarantees are in place to protect the american public from scalping practices.

DISH NETWORK started as a wholesome company, today is fast becoming the largest broadcaster of filth and foul programming under the guise of 'Adult Entertainment'.

Your vote in favor of this merger means approval for more of the same.

Sincerely,

Everardo Loyo
